

Energy Storage Requirement Analysis for Advanced Vehicles (Fuel Cell, Mild Hybrid, and Plug-in Hybrid) CD-ROM

<http://www.nrel.gov/docs/fy07osti/40658CD.zip> (ZIP 9.5 MB)

NREL/CD-540-40658
December 2006

Instructions: The URL above links to a zipped archive file that is not self-extracting. Download the .zip file to a local drive, then extract the contents to its own folder. Open the extracted folder launch the CD (most CDs contain an executable, PDF, or readme file in the root folder); or write all the contents to a CD-ROM for storage.

System Requirements: Adobe Reader 6 or better to view PDF files; a file decompression utility such as WinZip (PC) or Stuffit Expander (Mac) to extract the files from the ZIP file (both are available via Internet); and sufficient storage space for decompressed files.
