

2008 14th Biennial CSP SolarPACES (Solar Power and Chemical Energy Systems) Symposium (CD-ROM)

<http://www.nrel.gov/docs/gen/fy08/42709CD.zip> (ZIP 48.5 MB)

CD-550-42709
March 2008

Instructions: The URL above links to a zipped archive file that is not self-extracting. Download the .zip file to a local drive, then extract the contents to its own folder. Open the extracted folder launch the CD (most CDs contain an executable, PDF, or readme file in the root folder); or write all the contents to a CD-ROM for storage.

System Requirements: Adobe Reader 7 or better to view PDF files; a file decompression utility such as WinZip (PC) or Stuffit Expander (Mac) to extract the files from the ZIP file (both are available via Internet); and sufficient storage space for decompressed files.
