

Uniform Methods Project

Project Updates

Outreach Materials

The project team has been busy developing outreach materials to help folks successfully communicate project goals. There are two documents for you to review on a new page on the Uniform Methods Project internal website called [Outreach](#). **Comments on both documents are requested by Friday, May 11, 2012.**

- [Uniform Methods Project Talking Points](#)

The project team, steering committee, technical advisory groups members, and technical experts will use this document when preparing a presentation or when answering questions about this project. We will also use it as a foundation for creating any additional outreach materials.

Please forward any comments to chuck.kurnik@nrel.gov by Friday, May 11, 2012. As thought leaders in the industry, your feedback is important to the continued success of the project!

- [Uniform Methods Project Organizational Contacts](#)

The organizations listed on this document are important to the success of the Uniform Methods Project. Please send any additional organizations that you think are missing to chuck.kurnik@nrel.gov or alternatively, add them to the "Additional Contacts" tab and return the updated document to the same address. Any professional/personal contacts should be included as well and notifying two individuals at the same organization is beneficial.
