

Clean Energy Opportunity Forum Creating the New Energy Economy

Denver, Colorado

L Marty Murphy, NREL

November 5, 2009

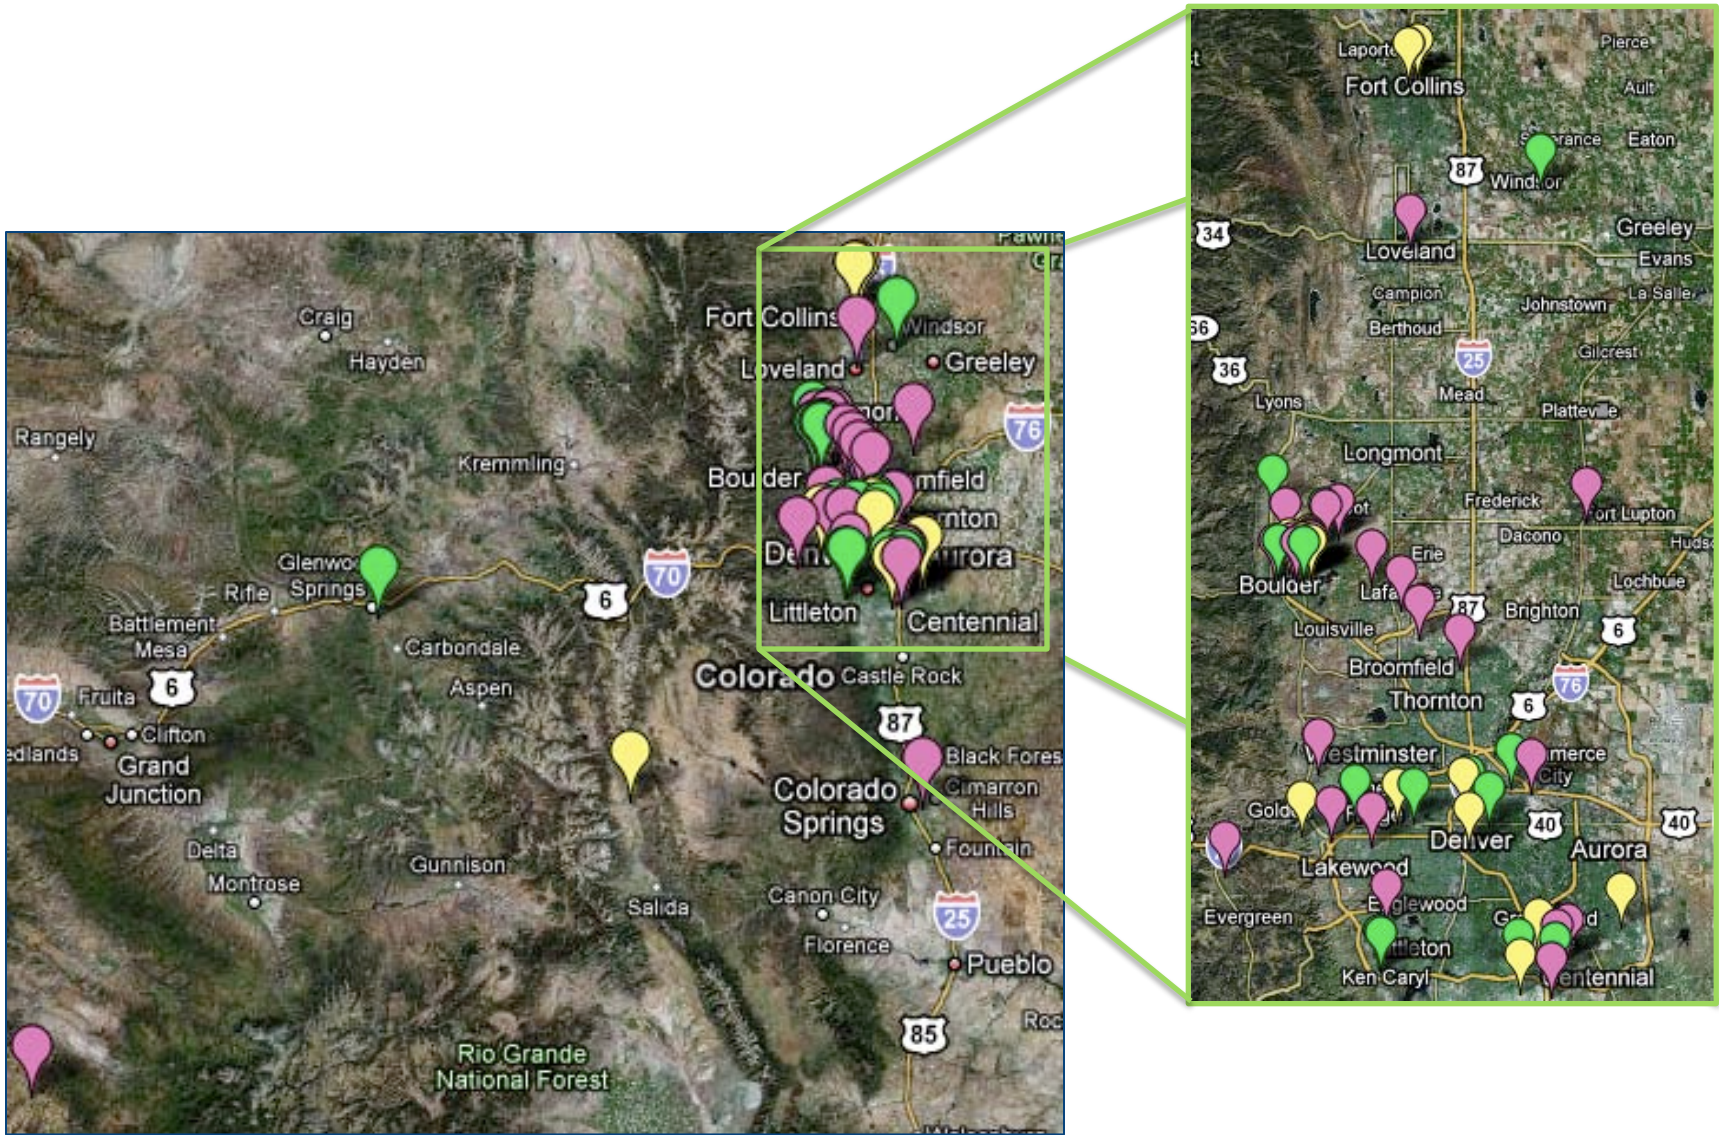

NREL/PR-7A1-47138

The Clean Energy Opportunity Forum

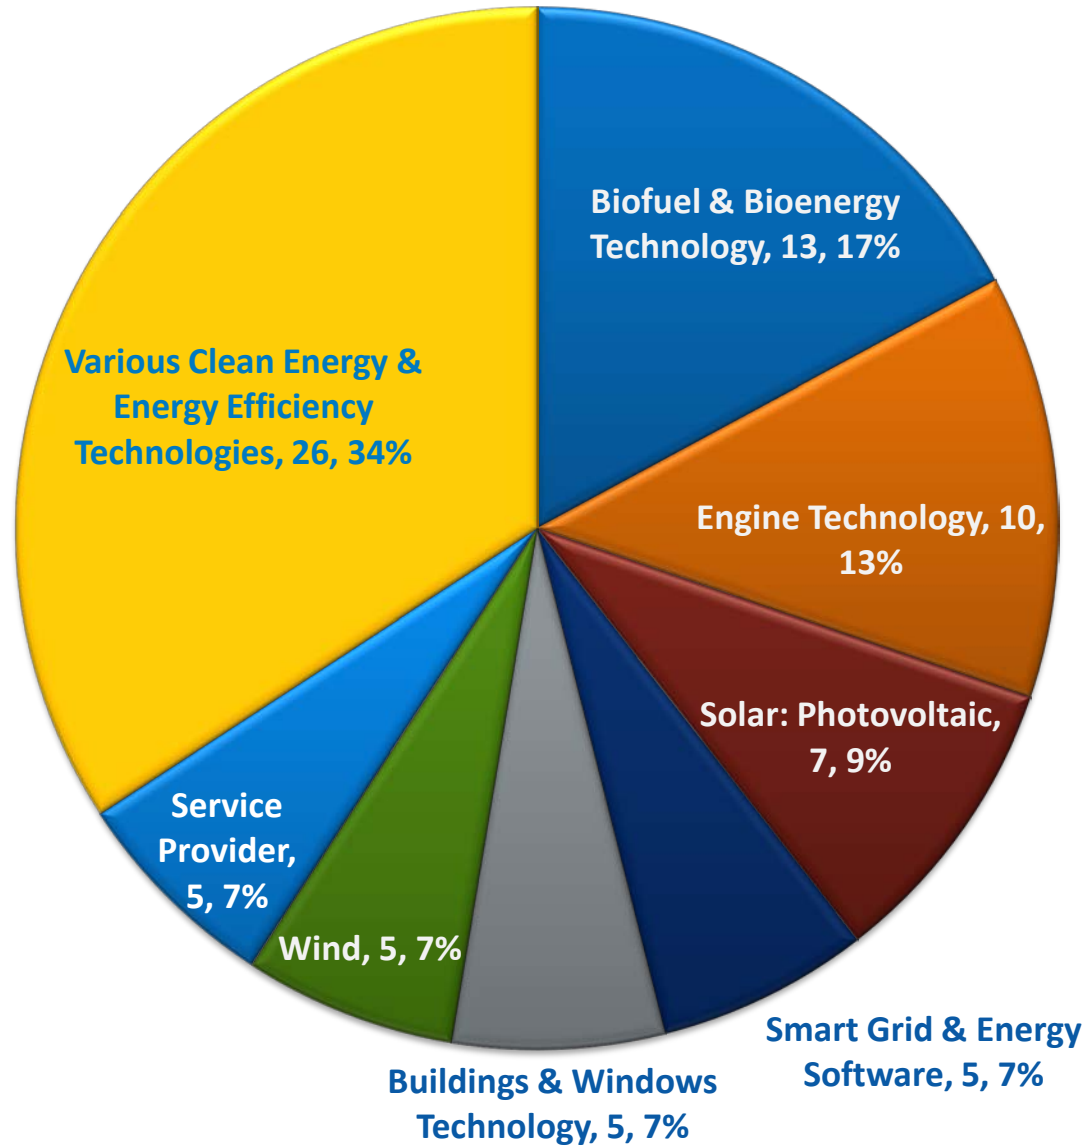

Today is about making connections to strengthen the national clean energy community as well as the Colorado Clean Energy Cluster

- Governor Ritter will discuss his vision of the New Energy Economy
- Various government agencies will briefly describe:
 - Their contributions to the New Energy Economy
 - How they help to improve transparency between the public & private sectors
 - How they work with private industry
- Structured networking to lay the seeds for future conversations and partnerships

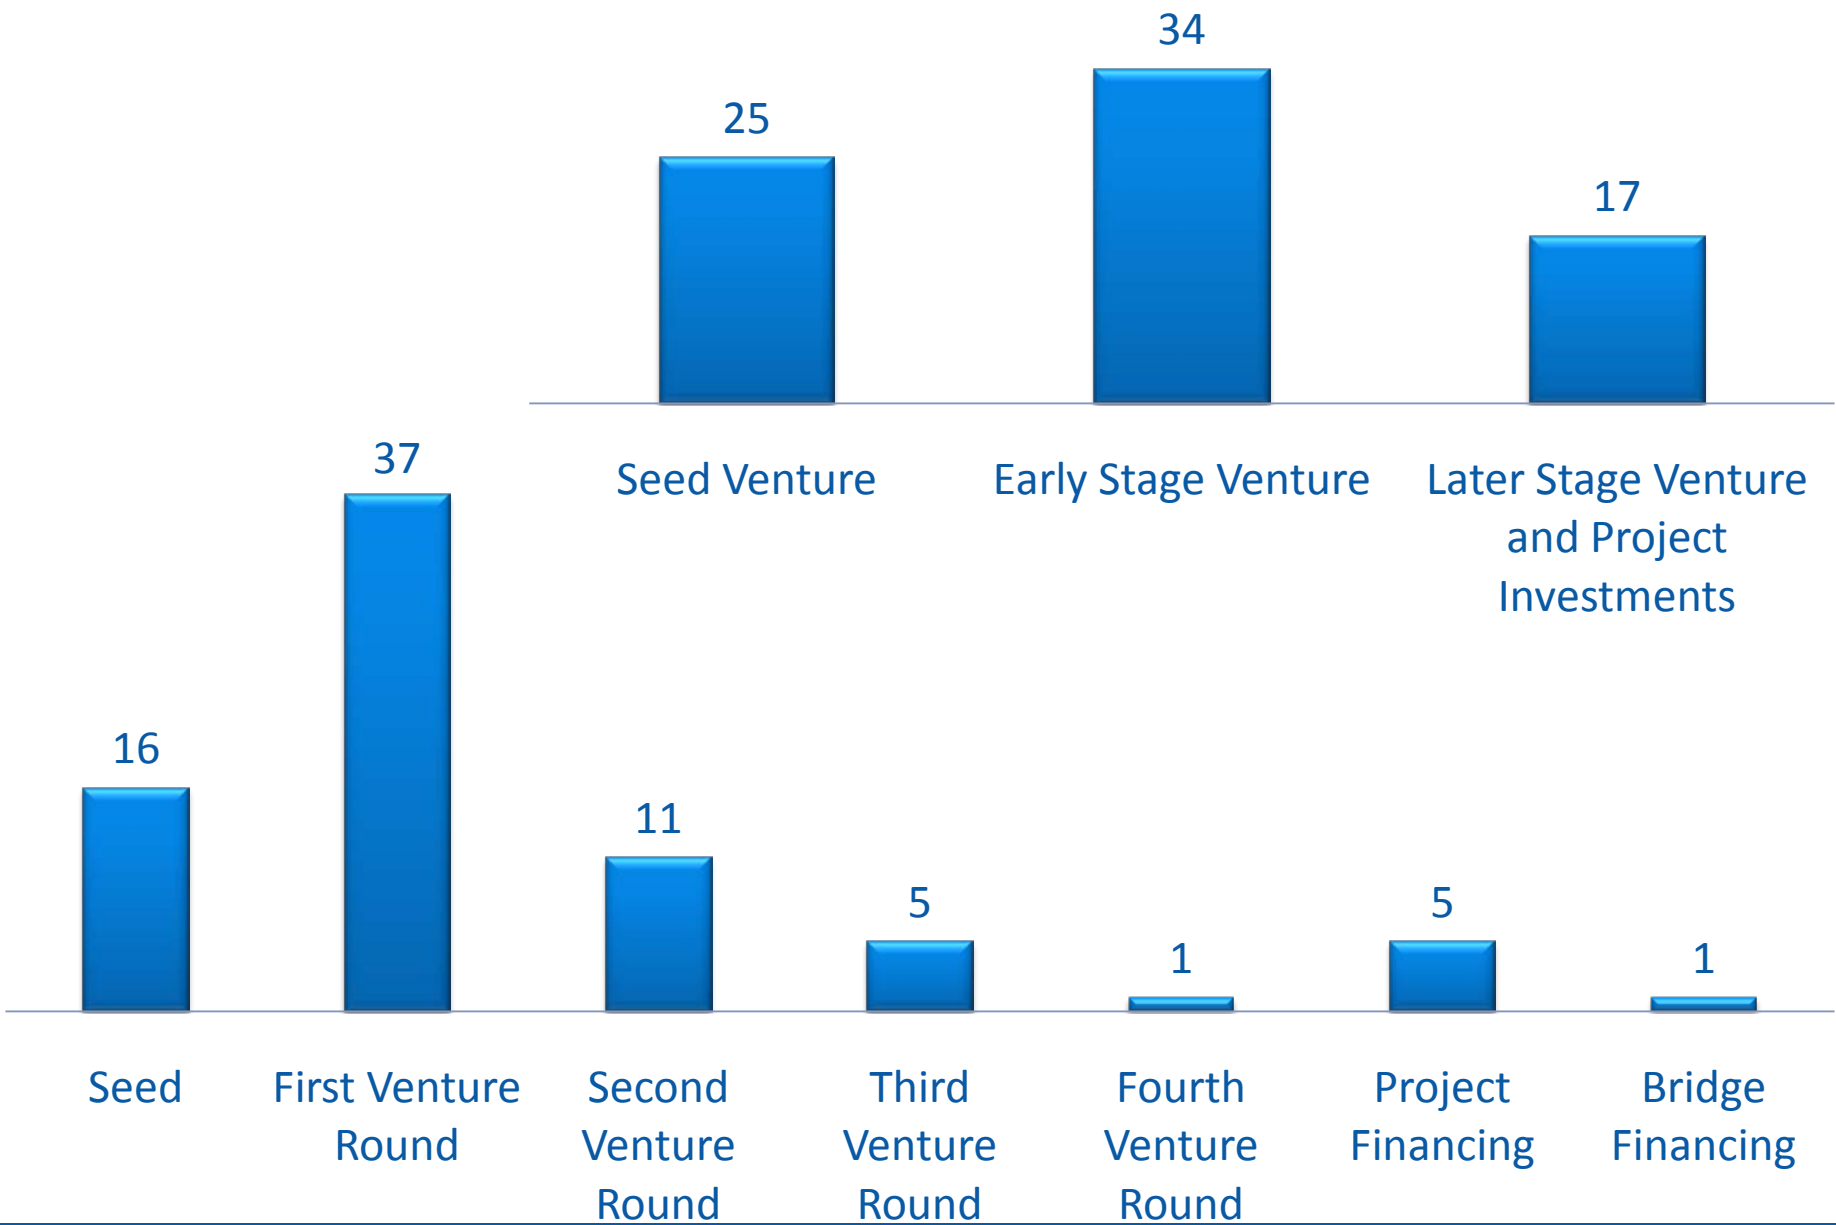

76 CO Applications to the Growth Forum

CO Growth Forum Applicants: Technologies

CO Growth Forum Applicants: Ventures & Financing

Thank You!

Thank you for attending the Clean Energy Opportunity Forum

Today is about making connections and generating business opportunities

Please welcome Dan Arvizu, Director and Chief Executive of the National Renewable Energy Laboratory
