

Powering Our Sustainable Future

It's an award-winning competition, a hands-on STEM learning experience, and a workforce development program. It's also one of the most ambitious and inspiring events in the United States.

The U.S. Department of Energy Solar Decathlon is all of this and more.

Powering our sustainable future in many ways, the Solar Decathlon is:

- An international competition that prepares participating students for careers in clean energy
- A proven training program that embraces an innovative method of teaching science, technology, engineering, and mathematics
- A demonstration of energy-efficient living that creates broader consumer understanding of how to save money at home with clean energy solutions
- A hugely popular public event that draws thousands of visitors and gains the attention of millions through worldwide media coverage.

The Solar Decathlon provides student decathletes with unique real-world training to enter the clean energy workforce and help ensure that our nation remains competitive in the global race for clean energy.

—U.S. Secretary of Energy Ernest Moniz

Provide Your Support

This is your opportunity to align your company with the causes you care about most:

- STEM education
- Workforce development
- Clean energy solutions.

One of the Energy Department's most successful outreach efforts, the Solar Decathlon provides sponsors with rich opportunities for recognition—from naming rights to signage and speaking opportunities to special events. Support from the business community is crucial to the success of the competition and the experience of thousands of student decathletes.

For information about becoming a U.S. Department of Energy Solar Decathlon sponsor, please contact Solar Decathlon Director Richard King at richard.king@ee.doe.gov or visit www.solardecathlon.gov/sponsors.html.

Solar Decathlon sustaining sponsors play an active role in ceremonies, such as this ribbon cutting, which opened Solar Decathlon 2013. Sustaining sponsor logos are also prominently displayed on village signage. (Credit: Eric Grigorian/U.S. Department of Energy Solar Decathlon)

Signage throughout the solar village, such as the welcome gateway (left) and thank-you signs (center and right), recognizes our sponsors. (Credit: Carol Laurie and Stefano Paltera/U.S. Department of Energy Solar Decathlon)

Capturing the Attention of Millions

The U.S. Department of Energy Solar Decathlon is one of the most anticipated design competitions in the world. It garners attention from media and consumers alike.
