Materials and Chemical Science and Technology (MCST) Directorate

William Tumas
Associate Laboratory Director

McST Research Operations
Nancy Haegel, Center Director

Materials Science
Nancy Haegel, Center Director

Chemistry & Nanoscience
Jao van de Lagemaat, Center Director

Materials Physics
Jeff Blackburn, Group Manager

Electrochemical Engineering & Materials Chemistry
Bryan Pivovar, Group Manager

Microscopy & Imaging
Mowafak Al-Jassim, Group Manager

High Efficiency Crystalline PV
Dan Friedman, Group Manager

Reliability & Systems Engineering
Teresa Barnes, Group Manager

Molecular & Catalysis Science
Nate Neale, Group Manager

Thin Film Material Science & Processing
Phil Parilla, Group Manager

Spectroscopy & Photoscience
Andrew Ferguson, Group Manager

Engineering and Informatics
Brent Nelson, Group Manager

Interfacial & Surface Science
Glenn Teeter, Group Manager

Cell & Module Performance
Dean Levi, Group Manager

DOE Points of Contact:
Basic Energy Sciences, Office of Science
Bill Tumas, NREL POC

Advanced Research Projects Agency—Energy (ARPA-E)
John Perkins, Capture Manager

Energy Frontier Research Centers:
Center for Next Generation of Materials by Design (CNGMD)
William Tumas, Director

Center for Advanced Solar Photophysics (CASP)
Matt Beard, NREL PI
LANL Prime (Viktor Klimov)

Energy Materials Network Consortia:
Durable Module Materials (DuraMAT)
Teresa Barnes, Director

Advanced Water Splitting Materials (HydroGEN)
Huyen Dinh, Director

Hydrogen Materials Advanced Research Consortium (HyMARC)
Thomas Gennett, Co-Director

Research Consortia & Collaborations:
International Photovoltaic Quality Assurance Task Force (PVQAT)
Ingrid Repins, NREL Lead

Solar Energy Research Institute for India and the US (SERIIUS)
David Ginley, U.S. Director

Joint Institutes:
Renewable and Sustainable Energy Institute (RASEI) – CU
Garry Rumbles, NREL Deputy Director

International Center for Multiscale Characterization (ICMC) – CSM
Mowafak Al-Jassim, Director

Chart Last Updated: August 21, 2018
