Chambers	2-16

Technical Memorandum #3 – Household Travel Survey Design

Background	3-1
Introduction.....	3-2
Survey Sample and Administration Plan	3-3
Survey Sampling Plan.....	3-3
Survey Administration Plan.....	3-5
Design of the Survey Instruments.....	3-7
Printed Instrument.....	3-7
Web Instrument.....	3-7

Technical Memorandum #4 – Household Travel Survey Findings

Introduction.....	4-1
Methodology	4-2
Survey Administration Process.....	4-2
School Program.....	4-5
Survey Form and Questions.....	4-7
Stated Preference Questions	4-8
Travel Diaries.....	4-12
Geocoding.....	4-13
Results.....	4-17
Weighting Procedure	4-17
Household Demographics.....	4-18
Member Information.....	4-32
Trips Information	4-37
Environmental Conditions	4-51
Roadway Incidents.....	4-51

Weather	4-51
Conclusions	4-59
Appendix	4-60
<u>Technical Memorandum #5 – Model Coefficients and Trip Factors</u>	
Introduction	5-1
Trip Generation Rates	5-2
Trip Purpose	5-2
Sample Household Characteristics	5-3
Florida’s Standard Trip Generation Model Structure	5-6
Dwelling Unit Trip Production Rates	5-10
Lifestyle Model	5-19
Trip Distribution Factors	5-29
Trip Length Frequency Distribution: Home Based Work Trips	5-29
Trip Length Frequency Distribution: Home Based Shopping Trips	5-30
Trip Length Frequency Distribution: Home Based Social Recreation Trips	5-32
Trip Length Frequency Distribution: Home Based Work Trips	5-33
Trip Length Frequency Distribution: Non-Home Based Trips	5-35
Formulation and Estimation of Friction Factors	5-38
Calibration of Trip Distribution Friction Factors	5-45
Mode Choice and Auto Occupancy Rates	5-48
Mode Choice Model Methodology and Operation	5-48
Default Mode Choice Model	5-48
Mode Choice Model Operation	5-48
Calibration of Nested-Logit Mode Choice Model for Florida	5-49
Auto Occupancy Rates: Home Based Work Trips	5-50
Auto Occupancy Rates: Home Based Shopping Trips	5-51
Auto Occupancy Rates: Home Based Social Recreation Trips	5-52
Auto Occupancy Rates: Home Based Other Trips	5-53
Auto Occupancy Rates: Non-Home Based Trips	5-54
New Recommended Auto Occupancy Factors	5-55
Comparison of Auto Occupancy Rates	5-57
Traffic Assignment Factors	5-58
The Ratio of Peak Hour to Daily Traffic (CONFAC)	5-58
Trip Start Time: Home Based Work Trips	5-58
Trip Start Time: Home Based Shopping Trips	5-60
Trip Start Time: Home Based Social Recreation Trips	5-62
Trip Start Time: Home Based Other Trips	5-64
Trip Start Time: Non-Home Based Trips	5-66

Recommendation of New CONFAC	5-68
------------------------------------	------

Technical Memorandum #6 – Evaluation and Recommendations for Model Revalidation

Introduction.....	6-1
Background of the VCUATS Model	6-2
Travel Demand Forecasting Process.....	6-2
Overall Recommendation	6-5
Trip Generation Model	6-7
Trip Generation Model Input Data and Parameters.....	6-7
Standard Trip Generation Model	6-10
Recommendation	6-13
Highway Network.....	6-16
Ratio of Peak Hour to Daily Traffic (CONFAC).....	6-16
Highway Network Building.....	6-16
Highway Assignment.....	6-16
Recommendations.....	6-18
Trip Distribution Model.....	6-19
Gravity Model Methodology and Operation.....	6-19
Gravity Model Inputs and Variables.....	6-20
Recommendations.....	6-21
Mode Choice Model	6-25
Calibration Of Nested-Logit Mode-Choice Models For Florida	6-26
Mode Choice Model Outputs.....	6-29
Recommendations.....	6-29
Auto Occupancy Factors.....	6-30
Recommendations.....	6-31
Conclusions.....	6-33

LIST OF TABLES

<u>TABLE</u>	<u>PAGE</u>
<u>Technical Memorandum #4 – Household Travel Survey Findings</u>	
Survey Administration Schedule	4-5
Participating Schools	4-6
Model Coefficients.....	4-10
Sample Weighting Procedure	4-17
Transportation Tax Dollars Allocations.....	4-37
Destinations, by Percentages of trips Originating by Region	4-49
Origin Region by Destination Region: All Work Trips Unweighted	4-50
Origin Region by Destination Region: All Work Trips Weighted	4-50
Collision Summary	4-52
<u>Technical Memorandum #5 – Model Coefficients and Trip Factors</u>	
Trip Purpose.....	5-2
Dwelling Unit Type	5-3
Sample Households Distribution	5-5
1997 VCUATS Trip Production Rates	5-8
1997 VCUATS Trip Attraction Equations	5-9
Sample Size for Single Family Dwelling Units.....	5-11
Sample Size for Multi-Family Dwelling Units.....	5-11
New Trip Production Rates for Single Family Dwelling Units.....	5-12
Lifestyle Sample Distribution.....	5-19
Distribution of Surveyed Households.....	5-21
Recommended Lifestyle Model Trip Production Rates.....	5-23
Trip Length Frequency Distribution: Home Based Work Trips.....	5-29
Trip Length Frequency Distribution: Home Based Shopping Trips.....	5-31
Trip Length Frequency Distribution: Home Based Social Recreation Trips.....	5-32
Trip Length Frequency Distribution: Home Based Other Trips.....	5-34
Trip Length Frequency Distribution: Non-Home Based Trips.....	5-36
Summary Statistics of Average Reported Travel Times.....	5-37
Estimated Coefficient Value in the Gamma Function Model.....	5-39
Average Trip Length Comparison	5-41
New Recommended Initial Friction Factors	5-46
Auto Occupancy Rate: Home Based Work Trips	5-50
Auto Occupancy Rate: Home Based Shopping Trips.....	5-51
Auto Occupancy Rate: Home Based Social Recreation Trips.....	5-52
Auto Occupancy Rate: Home Based Other Trips	5-53
Auto Occupancy Rate: Non-Home Based Trips	5-54
Summary Statistics of Auto Occupancy Rates	5-55
New Recommended Auto Occupancy Factors (AOFAC)	5-56
Comparison of Auto Occupancy Rates.....	5-57

Trip Start Time: Home Based Work Trips	5-59
Trip Start Time: Home Based Shopping Trips	5-61
Trip Start Time: Home Based Social Recreation Trips	5-63
Trip Start Time: Home Based Other Trips	5-65
Trip Start Time: Non-Home Based Trips	5-67
New Recommended CONFAC	5-69

Technical Memorandum #6 – Evaluation and Recommendations for Model Revalidation

Year 1997 ZDATA1 Productions Summary	6-9
Year 1997 ZDATA2 Attractions Summary	6-9
Existing VCUATS Trip Production Rates	6-11
Survey Resulting Trip Production Rates for Single Family Dwelling Units	6-12
Recommended Life Style Model Trip Production Rates	6-14
Recommended ZDATA1 Format	6-15
Terminal Times	6-21
Average Trip Length Comparisons (minutes)	6-22
Gravity Model Relationships	6-22
New Recommended VCUATS Friction Factors	6-23
Mode Split Comparison	6-29
Auto Occupancy Factors	6-31
Comparison of Auto Occupancy Rates	6-32

LIST OF FIGURES

Example Web Instrument Page – Search for Location.....	3-21
Example Web Instrument Page – Details about your Trips.....	3-22
<u>Technical Memorandum #4 – Household Travel Survey Findings</u>	
Geographic Distribution of Survey Completion.....	4-2
Stated Preference Scenarios.....	4-8
Segment Sample Sizes.....	4-9
Value of Time by Trip Purpose Category.....	4-11
Example Rail Shares by Trip Purpose Category.....	4-11
Activity and Origin/Destination Time Portion of Trip Dairy.....	4-13
Geocoding-Options.....	4-14
Example Business Search Results.....	4-15
Clickable Map-Initial Zoom Level.....	4-15
Clickable Map-Final Zoom Level.....	4-16
Household Size by Region-Persons per Household.....	4-19
Household Size.....	4-19
Size of Households Completing the Survey, by Region.....	4-20
Number of Adults.....	4-23

Number of Children under 16	4-23
Annual Residence	4-24
Number of Vehicles	4-24
Auto Ownership of Households Completing the Survey, by Region	4-25
Number of Cars	4-28
Number of Minivans, Pickups and SUVs	4-28
Number of Motorcycles	4-29
Home Ownership	4-29
Home Type	4-30
Annual Income	4-30
Number of Visitors-Day 1	4-31
Number of Visitors-Day 2	4-31
Age	4-32
Gender	4-33
Driver's License	4-34
Employment Status	4-34
Work Style	4-35
Public Transportation Use	4-36
Why Respondent Doesn't Use Transit	4-36
Transportation Tax Dollars Allocation: Average Respondent	4-37
Number of Travelers-Household Members, per Trip	4-38
Number of Travelers- Others, per Trip	4-38
Number of Trips by Purpose	4-39
Trip Length (in minutes) by Purpose	4-39
Trip Length (in minutes) by Purpose by Region	4-40
Vehicle Occupancy Rates by Trip Purpose	4-43
Vehicle Occupancy Rates by Trip Purpose by Region	4-43
Distribution of Trips Originating in Southwest Volusia County	4-47
Distribution of Work Trips Originating in Southwest Volusia County	4-47
Distribution of Trips Ending in Seminole County	4-48
Distribution of Work Trips Ending in Seminole County	4-48
Collision Summary-February 20, 2002	4-53
Collision Summary-February 21, 2002	4-54
Collision Summary-February 27, 2002	4-55
Collision Summary-February 28, 2002	4-56
Environmental Conditions-Temperature	4-57
Environmental Conditions-Visibility	4-57
Environmental Conditions-Wind Speed	4-58

Technical Memorandum #5 – Model Coefficients and Trip Factors

Trip Purpose	5-3
Dwelling Unit Type	5-4
Sample Households Distribution	5-6
New Trip Productions Rates (Standard FSUTMS Model)	5-13
Confidence Intervals of Trip Rates for 0 Car Household	5-14

Confidence Intervals of Trip Rates for 1 Car Household	5-15
Confidence Intervals of Trip Rates for 2 Car Household	5-16
Confidence Intervals of Trip Rates for 3+ Car Household	5-17
New Trip Production Rates (Comparison with Current Rates)	5-18
Lifestyle Sample Distribution	5-20
Distribution of Surveyed Households	5-22
New Trip Productions Rates (Lifestyle Model).....	5-24
Confidence Intervals of Trip Rates for Retired Household	5-25
Confidence Intervals of Trip Rates for Working Households with no Children	5-26
Confidence Intervals of Trip Rates for Working Households with Children	5-27
New Trip Productions Rates (Comparison with TBRPM Model).....	5-28
Trip Length Frequency Distribution: Home Based Work Trips	5-30
Trip Length Frequency Distribution: Home Based Shopping Trips.....	5-31
Trip Length Frequency Distribution: Home Based Social Recreation Trips.....	5-33
Trip Length Frequency Distribution: Home Based Other Trips	5-35
Trip Length Frequency Distribution: Non-Home Based Trips	5-37
Estimated Trip Frequency Distribution	5-40
Comparison of Trip Frequency Distribution: Home Based Work.....	5-43
Comparison of Trip Frequency Distribution: Home Based Shopping.....	5-43
Comparison of Trip Frequency Distribution: Home Based Social Recreation.....	5-44
Comparison of Trip Frequency Distribution: Home Based Other.....	5-44
Comparison of Trip Frequency Distribution: Non-Home Based.....	5-45
Auto Occupancy Rate: Home Based Work Trips	5-51
Auto Occupancy Rate: Home Based Shopping Trips.....	5-52
Auto Occupancy Rate: Home Based Social Recreation Trips.....	5-53
Auto Occupancy Rate: Home Based Other Trips	5-54
Auto Occupancy Rate: Non-Home Based Trips.....	5-55
Trip Start Time: Home Based Work Trips	5-60
Trip Start Time: Home Based Shopping Trips	5-62
Trip Start Time: Home Based Social Recreation Trips	5-64
Trip Start Time: Home Based Other Trips	5-66
Trip Start Time: Non-Home Based Trips	5-68

Technical Memorandum #6 – Evaluation and Recommendations for Model Revalidation

Travel Demand Forecasting Process.....	6-3
Geographic Area covered by VCUATS Model.....	6-4
Average Daily Trips by Region	6-5
Average Travel Time to Work by Region	6-6
Trip Generation Module Flow Chart	6-8
Current VCUATS Model Highway Network	6-17
Generalized Nested Logit Multi-Path Structure	6-27
