Advance Letter

Dear Participant:

Your household has been selected to participate in the **2001 Travel & Congestion Survey**, sponsored by the Southern California Association of Governments (SCAG) and your local governments in «COUNTY» County. The information collected in this survey helps local planners make informed decisions regarding transportation priorities, such as plans for reducing traffic congestion or vehicle-created air pollution.

The enclosed brochure contains information about the survey. You may also find information at the survey web site at www.scag.ca.gov/travelsurvey.htm. Also feel free to call Paul Burke of SCAG (213-236-1938, burke@scag.ca.gov) or Johanna Zmud (800-447-8287, extension 2225, jzmud@nustats.com) at NuStats, the firm contracted to conduct the survey.

Thank you in advance for your participation in this very important survey.

Sincerely,

Mark A. Pisano

Executive Director, Southern California Association of Governments
